

# PRESCRIPTION DRUG COVERAGE

Save money and time by following these 3 easy steps

**Step 1: Make sure your prescription is covered.**

Register or log in to myWellmark® at [myWellmark.com](https://myWellmark.com) to find costs for your prescriptions. View details of your benefits, including your out-of-pocket costs for both retail pharmacies and mail-order service.

**Step 2: Use a network pharmacy.**

You can get a prescription filled just about anywhere you go. To search for a network pharmacy in your area, log in to [myWellmark.com](https://myWellmark.com) to find a pharmacy. Using a network pharmacy also means you don't have to complete any claims forms.

**Step 3: Focus on true value.**

Brand-name drugs are a leading driver of health care costs, even though more than half of all drugs are available in generic form. Your doctor or pharmacist can tell you if a generic drug can treat your condition. Even if a brand-name drug doesn't have a generic equivalent, a similar drug may be available as a generic.
